Health Science Libraries in Ottawa-Hull

On November 6, 1974 a meeting was held in the library of the Ottawa Civic Hospital to discuss whether or not it would be useful for biomedical librarians in this area to meet on a more-or-less regular basis to talk over common problems.

The first mailing list was far from complete, and we apologize for any omissions. They were strictly inadvertent. We hope this mailing has been more comprehensive, but if you know of anyone who may have been left out, please spread the word.

The main topic discussed at the first meeting was the problem of coordinating monograph acquisitions in the area, and whether hospital libraries should be requested to lend heavily-used books.

It was agreed that meetings at approximately 2-month intervals would be helpful, and that the next one will be held on Wednesday, January 22, at 8:00 P.M. Location will be the Canada Institute for Scientific and Technical Information (formerly NSL), NRC, Building M-55, Montreal Road. If you are planning to come, I would appreciate your calling me at 993-2013. If you need information about how to get to the library I can explain when you call.

Members of the CISTI staff from Acquisitions, Interlibrary Loans, Publications and Tape Services will be there to answer any questions you may have.

Health Services Library

It might perhaps be helpful for members
to be involved in the operation of the library
with a view to providing a better service to their users.
